

18th March 2020 - Stakeholder Communication: COVID-19

In response to the spread of the Coronavirus, we would like to advise stakeholders of the approach Lanskey Constructions is undertaking for the business, our people and projects.

We are following official Health Advice in Australia <https://www.health.gov.au> and in NZ <https://www.health.govt.nz> and will continue to communicate updates internally and to stakeholders as further information and rules are established.

Our offices and sites are continuing operations and we will continue to monitor new information to communicate and implement process updates and precautionary measures as necessary.

Procedures implemented to-date:

- Social distancing including video and telephone conferencing
- Remote/flexible work arrangements
- Hygiene and cleaning procedures
- Minimising non-essential travel

The health, safety and wellbeing of our people and those within our communities are important and we ask that our clients, subcontractors and stakeholders assist us to enable our continued high quality of service and to minimise impact to projects. Any significant changes will be reviewed and further advice will be passed onto relevant parties.

For direct inquires contact: Lanskey Constructions General Manager, Aust. State Managers (Vic, NSW, WA), NZ Auckland Manager or the HSSE Manager.
